volunteer, it is my job to support the mission and purpose of this organization. The work I do will be worthwhile & challenging. I will respond to any situation and be flexible when it comes to working with the Miracle League players.

Volunteer Signature _____

Date: _____

OUR MISSION

Bringing people together of various abilities in order to discover their common ground and find joy in serving others.

CORE VALUES

-Children or adults who are disabled are people first and happen to have a disability. We teach and show respect with this philosophy in mind.

-We can show the community how to communicate, engage and experience the simple joys in life with all people—no matter the physical or mental ability of a human being.

-Every person should have the chance to play sports.

-We never turn a person away.

Who We Are...

The Miracle League of Valdosta is a community-based sports program for children and adults with all types of mental and physical disabilities. The Miracle League of Valdosta would like to provide everyone of mental or physical handicap the opportunity to play baseball and other activities.

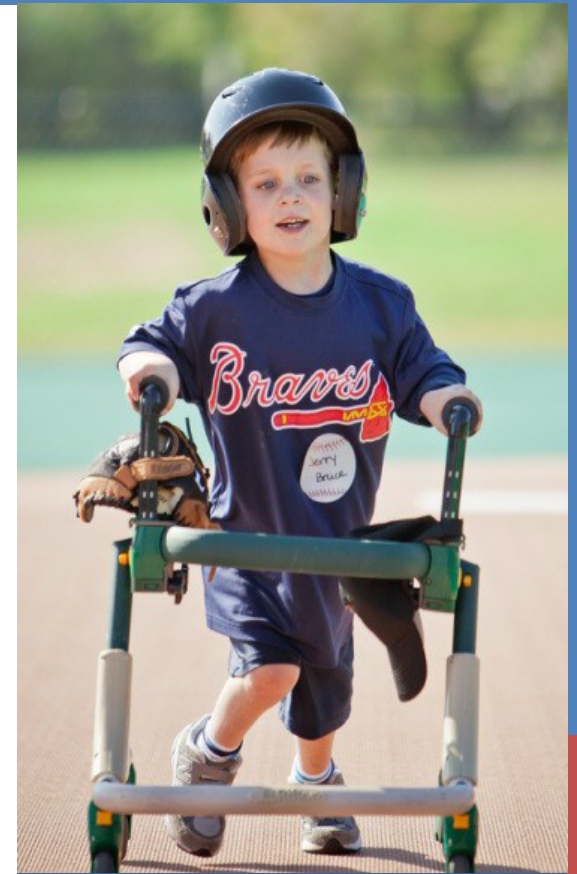

In partnership with the Valdosta Lowndes Parks & Recreation, the league is set to host it's second season September 23rd, 2014 at Freedom Park. Plans are currently underway for the construction of a fully accessible complex. The specialized field will feature a cushioned, synthetic, rubberized surface that will eliminate any barriers to wheelchairs, walkers or other mobility devices. The facility will also include a handicap concession stand, a pavilion and a barrier-free playground that will be accessible to children of all abilities.

Needs and Opportunities

According to the Georgia Disability Population Statistics, there are more than 1 million disabled people ages 5-64. Among this population of disabled people, an unmet need exists for recreational opportunities that help provide a well-rounded experience for the players and family. No other program like the Miracle League assures parents and family that all safety elements are in place to provide a safe, successful game experience for the players.

With the growing demand for the Miracle League program, there is an opportunity for us to expand in South Georgia. The Miracle League of Valdosta will develop a plan to manage our growth and impact, based on evidence of community need, community capacity to fund the program, community capacity to provide the volunteers needed to support the program, and community leadership committed to implementing the program.

*Fall season is
scheduled to begin
September 23rd, 2014!*

We are looking for players, sponsors,
and volunteers. If you are interested
